Just a reminder . . .

Due to rising costs in accepting credit cards, Sew Creative does not take Discover. We are still taking Visa and Master Card. In order to keep prices competitive, we must balance our budget. We really thank those who are writing checks instead of using a Debit card since this also helps us combat rising costs. If your credit card is no longer swiping on our terminal, please inform your credit card company so they can replace it. Entering credit card numbers on our terminal by hand causes us higher fees. Thank you for helping keep Sew Creative a great place to shop!
